PURPOSE & SCOPE OF THE DOCUMENT

This document presents a centralized, structured, and Student Learning Outcome (SLO)-based syllabus breakup for all subjects from Infant to Grade 8, aligned with the National Curriculum of Pakistan. It has been specifically developed for implementation across public sector schools under the jurisdiction of the School Education Department, Gilgit-Baltistan.

Recognizing the region's diverse climatic conditions, the document categorizes schools into four academic zones based on weather-related operational patterns:

- i) Extreme Summer Zone
- ii) Summer Zone
- iii) Winter Zone
- iv) Extreme Winter Zone

Due to the variation in school year duration across these zones, a uniform academic calendar is not practical. Therefore, a standardized syllabus breakup across three academic terms has been designed to ensure that essential learning outcomes are achieved effectively within the instructional time available in each zone.

Key features include:

- Zone-specific adjustments to instructional schedules that uphold curriculum integrity and equity in learning opportunities for all students.
- A three-term academic structure that supports balanced curriculum pacing, structured assessments, and systematic instructional planning.
- Term-wise syllabus allocation to facilitate effective teaching, timely evaluations, and integration of co-curricular activities within the academic framework.

This document serves as an official guide for:

- Teachers, to deliver the curriculum in a consistent and organized manner aligned with their zone's academic calendar;
- School Heads, to plan, implement, and monitor term-wise instructional activities;
- Curriculum Planners, to ensure alignment of classroom instruction with the National Curriculum of Pakistan; and
- Monitoring & Evaluation Officers, to oversee syllabus implementation and track student progress across the region.
- This scheme of studies is applicable to all government schools in Gilgit-Baltistan and will be implemented from the 2025 academic session onward, remaining in force until further directives are issued.
